

## Press Release

ORANGE, CA USA April 11th, 2008

### Vislink Services Becomes an Authorized Representative and Reseller for Alcatel-Lucent Products

ORANGE, CA– April 11, 2008 – “Vislink Services is pleased to announce our partnership with Alacatel Lucent”, stated Christopher Gibbons, President (Americas) Vislink Services. “Having direct access to both the MDR-8000 and 9500-MPR series of products is exciting news for our company. We see this partnership as a great addition to the existing, high-quality products currently offered by our company. Having another high-quality, long-haul, digital microwave product line, combined with our 18+ years of system integration experience, will prove to be a win-win situation for our valued customers”.
